About *Us*

Family Run. Locally Owned. Built on Reliability.

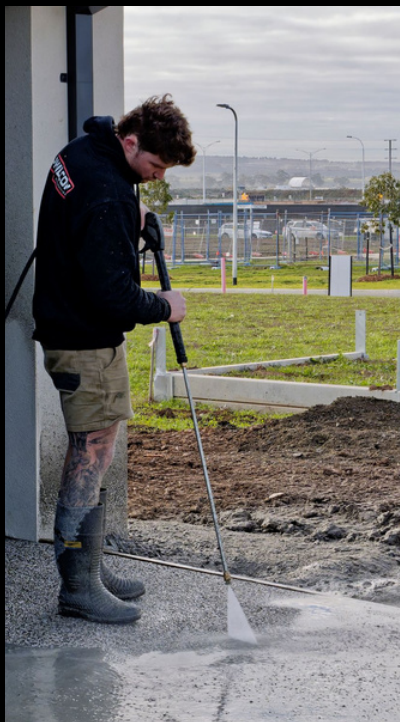

Philcon Constructions is a family-run concreting and earthworks team servicing the Macedon Ranges and surrounding areas.

With over 10 years of industry experience, we specialise in residential concrete construction, from early-stage earthworks and foundations through to post-build decorative concrete. We work alongside builders, owner-builders and homeowners to deliver quality workmanship, clear communication and reliable project delivery.

At Philcon Constructions, we understand that quality concrete work is about more than just the pour, it's about reliability, communication and keeping projects on track.

Why *Builders* Choose Us?

A Team You Can Count On

Reliable Scheduling ✓

We understand build timelines and site coordination.

Clear Communication ✓

Fast quoting, straightforward updates, easy to deal with.

Quality Workmanship ✓

Attention to detail from preparation through to final finish.

Fully Insured ✓

Peace of mind for builders and clients.

End to End Service ✓

From early-stage footings through to final decorative works.

Our *Services*

One team. One point of contact.

From breaking ground to the final pour.
We handle every stage in-house.

Earthworks

In-house earthworks

- Site Cuts
- Excavations
- Soil Removal
- Trenches
- Site Cleans

Foundations

Early stage structural work

- House & Shed Slabs
- Home Extensions
- Footings & Bored Piers
- Raft & Waffle Slabs
- Cellars & Basements

Decorative

End-stage decorative work

- Driveways
- Pathways
- Steps
- Crossovers
- Pool Surrounds

Service *Areas*

We generally service an area within a 50km radius of the Macedon Ranges. Including Brimbank, Mitchell Shire, Hume, Geelong, Inner & Outer North-West suburbs & more.

PROJECT OUTSIDE OUR USUAL SERVICE AREA?

Get in touch to discuss your project location and availability.

Working With Us

Simple. Clear. Efficient

1. Plans & Project Review

Send through your plans, scope and project requirements for review.

2. Site Measure & Scope

Where required, we attend site to confirm measurements, access and project requirements.

3. Detailed Quote

A clear, comprehensive quote is provided based on the agreed project scope.

4. Scheduling & Coordination

Once approved, works are scheduled and coordinated alongside your project timeline.

5. Preparation & Concrete Works

Our team manages the required preparation, placement and finishing of your concrete works.

6. Completion & Handover

Works are completed, the site is finalised and your project is ready to move forward.

Built for **Better** Project Delivery

One Team. One Point of Contact.

From early-stage earthworks and foundations through to post-build decorative concrete, working with Philcon means fewer contractors to coordinate, streamlined communication and one reliable team across multiple stages of your project.

Let's Work *Together.*

If you're looking for a reliable concreting team for your next project, we'd love to hear from you.

Ready to Discuss Your *Next* Project?

From early-stage earthworks and structural concrete through to final decorative finishes, our team is ready to support your next build.

Send through your plans or project details to get started.
